Report of the Centennial Celebration

In 1968 a group of citizens appointed by the selectmen organized to form the Belmont Centennial Celebration Committee which has incorporated under the laws of the State of New Hampshire. The year 1969 was chosen because it was the centennial of the naming of the town "Belmont". The original Gilman Town was chartered in 1727. In 1859 the town's present boundaries were established by an act of the New Hampshire Legislature. The new community of Upper Gilmanton was given the original incorporation date as well as all the early town records by the wording of the legislative act which states that Gilmanton separated from Upper Gilmanton. In 1869 the town voted to change the name from Upper Gilmanton to Belmont in honor of August Belmont, American financier and diplomat.

The Town Meetings of 1968 and 1969 were asked for a total appropriation of \$2500 for the purpose of promoting the Centennial Celebration. Additional funds came from the income of the John Sargent Fund donations, and the sale of centennial coins, plates, books, and mugs.

During the planning stages it was decided that the official celebration should be a dignified birthday anniversary that could be remembered with pride; that its success would depend upon the extent to which members of the community involved themselves in projects which interested them; that as far as possible the events should be self-supporting.

Events were held throughout the year starting with the Centennial Sled Dog Race in January, the "Belles of Belmont" Fashion Show in February, and what may have been the longest continuing Town Meeting in our history in March. The Annual events of Memorial Day and High School graduation were heightened by recollections of our past and the wearing of costumes of a hundred years ago at these and other public and social events turned back the clock.

Since at least three hundred people played an active role in the events which culminated in the Centennial Old Home Week of August 1--10, it is not possible to recognize them individually or even to list all of the programs of the year. Humor was added by the friendly rivalry between the "Mayor of Winnisquam" and the "Mayor of Belmont" who acted as master of ceremonies throughout the year.

Because of the number of people who donated so generously of their time and money to the events of the celebration and to the fund raising projects, the committee has been able to return to the town the entire tax appropriation for the abatement of taxes. The committee has discharged its responsibility for the Centennial Celebration, has made provision for the payment of its debts, has disposed of its assets in accordance with its articles of incorporation, and has voted to dissolve its corporation as of December 31, 1969.

FINANCIAL REPORT

Income		
Received from Sargent Fund	\$1,530.05

Donation to Belmont Historical Society	1,000.00	
Donation to Experiment in International Living	249.82	
Given to town to help finance publication	126.89	
Total		\$8,441.37

The community can be proud of some of the lasting effects and mementoes of the celebration: the working together of the community and the Band Boosters to uniform the High School Band; the historical booklet, *Reminiscences of a New Hampshire Town*, and the interest in recording and preserving the history of Belmont which resulted in the formation of the historical society; the opening of the Jonathan Fuller House; the clearing of the site of the Badger Dam; and the commemorative coin which recognizes that our village developed here because of the waterways which over the years provided power for the manufacture of hosiery sold round the world, and the Mill which has been in continuous use since it was built in 1833.

The committee hopes that some of the innovations of the Centennial Celebration such as the ten-mile road race, the horse show, the Fireman's muster and the activities of the historical society will become a part of the annual Old Home Day observances.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$3,257.03, from \$24,930.97 to \$21,673.94 in 1968, as shown herewith:

	December 31, 1967	December 31, 1968
<u>Total Assets</u>	\$198,136.17	\$248,722.48
<u>Current Liabilities</u>	173,205.20	227,048.54
 <u>Current Surplus</u>	 \$ 24,930.97	 \$ 21,673.94

Treasurer:

Again, as in the previous year, considerable time was spent in reconciling both the Town and Water Department bank accounts.

In comparing the receipts with the actual money deposited into the Town's bank account during the year, we found that on numerous occasions money was deposited but never recorded in the Treasurer's cash book. Inasmuch as the Treasurer failed to reconcile either bank account with his respective cash books, these errors went undetected throughout the year. In the final analysis, there was \$378.66 of monies deposited which we were unable to properly classify.

We again recommend that both Town and Water Department accounts be reconciled with bank balances at the close of each month.

Unredeemed Taxes:

It is again recommended that all Unredeemed Taxes beginning with the Levy of 1959 thru the Levy of 1965 be reviewed and the Tax Collector issue deeds of all the properties represented by these unredeemed tax liens to the Town.

Overdraft of Appropriations:

It is noted that there was a net overdraft of appropriations in the amount of \$7,120.30 - in other words, total expenditures exceeded total appropriations by this amount as indicated herewith:

Overdrafts of Appropriations	\$16,739.60
Unexpended Balances of Appropriations	<u>9,619.30</u>
Net Overdraft of Appropriations	<u>\$ 7,120.30</u>

Included in the net overdraft was an overdraft of \$4,659.83 in the "overlay" assessment. Abatements, discounts and refunds are charged to this account.

As the amount of overlay is fixed by the Board of Selectmen, rather than appropriated by the Town Meeting, the net overdraft of appropriations should be reduced by the overdraft in the "overlay" assessment, leaving a net overdraft of budgetary appropriations of \$2,460.47. as shown herewith:

Net Overdraft of Appropriations	\$7,120.30
Less: Overdraft in "Overlay" Account	<u>4,659.83</u>
Net Overdraft of Budgetary Appropriations	<u>\$2,460.47</u>

It should be noted that there was no budgeted appropriation for the new police cruiser which cost the Town \$2,964.13. If the appropriation in the amount of \$2,950.00 as voted under Article No. 10 in the Town Warrant had been budgeted, this would have eliminated the overdraft position.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Belmont for their assistance during the course of the audit.

Yours very truly,

O. Maurice Oleson
Director

Gentlemen:

The approval of your 1969 Summary Inventory of Valuation and Statement of Appropriations on November 20, 1969 is confirmed on the basis of the following figures:

Net Assessed Valuation		\$14,030,175.00
Taxes Committed to Collector:		
Gross Property Taxes Assessed	\$521,921.51	
Less : Est. War Service Tax Credits	8,200.00	
Net Property Tax Commitment	513,721.51 *	
Poll Taxes	2,004.00	
		\$515,725.51
Tax Rate		3.72

* The amount of property tax commitment is subject to adjustment by reason of an increase or decrease in War Service Tax Credits which may result based on the above approved rate.

It was noted after submission of the signed Statement of Appropriations that the new equipment item of \$12,500 had not been included in total town appropriations. As the result of this omission it was necessary to increase the surplus credit from \$3,000 to \$15,500.

The School Tax has been approved at \$370,862.86 in accordance with our notification to the school board, a copy of which is enclosed. With Overlay set in the amount of \$11,417.85 the above approved rate results. We also enclose a copy of the Statement of Appropriations for your files.

Very truly yours,
STATE TAX COMMISSION

CIVIL DEFENSE REPORT

for the year ended Dec. 31, 1969

Your Civil Defense agency this year provided funds for purchase of an outboard motor for the rescue boat maintained by the Belmont Fire Department for recovery of drowning victims.

We also provided the Police Department part of the funds needed to convert their existing radio equipment to two-frequency operation. This provided them with a "private channel" free from skip or monitoring by "ham" operators to conduct car-to-car communications, and private business such as stakeouts, etc.

The "Jeep" purchased from surplus has been very useful to the Fire Department for rescue operations and forest fire work in rough country.

Anyone interested in serving with the volunteer CD organization, please get in touch with me.

ROBERT A. HARPER

Civil Defense Director

REPORT of BELMONT PLANNING and DEVELOPMENT BOARD

The Planning Board has held regular monthly meetings since September 1969. All of these meetings have been hearing and consulting with Hans Klunder Associates, consultants, in developing a comprehensive plan for our town. Meetings with the consultants will continue through October 1970. Mr. David Prescott, chief planner for the Dept. of Resources and Economic Development, has attended several of these meetings.

It is hoped that the citizens of Belmont will take an active interest in developing this plan and in using it when it is completed. The Klunder study covers quite thoroughly our present land use, buildings, environmental conditions, streets and highways, community facilities, population inventory, land capability and utility inventory.

In the future the consultants will make recommendations about how we could best use and develop our resources in the years ahead. These findings and projections should be very helpful to all the citizens of Belmont, their selectmen and planning board.

BELMONT POLICE DEPARTMENT

Chief's Message

It seems to be a truism that whenever an expanded service is offered to the public, people will avail themselves of it more than before, and create an expanding need. This "snowballing" effect has been seen in your Police Department. In 1961, when the department reorganized on a more efficient basis with better communications, the townspeople availed themselves more frequently of the expanded services which were offered, and soon the time came when a full-time Police Chief was necessary. After full-time service came in 1954, the volume of business again multiplied and by 1968, a second full-time man was hired. By that year, we hoped that we had reached a levelling-off period. However, 1969 statistics in this report show that, quite to the contrary, departmental business has once again increased in all categories.

Although some of this can be attributed to having a full-time man on call at all times to handle complaints, the town's growth rate, second highest in Belknap County, and our expanding population and business development also contribute to this trend. The year 1970 promises to be busier than ever, with a new auto body shop and a Buick-Cadillac dealership arriving at the top of Prescott Hill, a car dealership on U.S. Route No. 3, a restaurant and gift shop contemplated for the junction of Routes 140 and 106, a large expansion of the Green Lea Trailer Park, the opening of Pleasant Valley Mobile Home Park and Dupont's trailer park on Ladd Hill, and a new museum on Rt. 106, just to mention a few.

During the year, the town organized a Traffic Safety Committee which was able to secure a new State Police radio for the Department with 50% reimbursement from Federal funds, and a set of double flashing lights which have cut down the accident rate at the junction of Routes 140 and 106.

Your Police Department continues to give attention to the field of training, with the Practical Patrolman School which gained nationwide recognition in 1964 being repeated this year for new Belmont men as well as other departments who participated. Chief Sweeney has completed College courses for credit in Psychology, two semesters; English, two semesters; Sociology, and Local and State Government, one semester each. He has been selected to serve as Chairman of the Training Committee of the N.H. Police Chiefs Association, in addition to being a member of their Executive Committee. Patrolman Paquette has completed one semester of a college credit course in Criminal Law, and attended the F.B.I. Firearm Instructors School at Camp Curtis, Wakefield, Mass., this past Fall. Most of these programs were financed by Federal grants under the Omnibus Crime Bill, at no cost to the town.

The Belmont Police Department was the recipient of the national POLICE SCIENCE AWARD for 1969 given by *Law and Order* Magazine, for a fingerprinting device developed by Special Officer Gregory Harriman.

This year also marked the resignation of Asst. Chief Robert A. Harper, who, together with his wife, Doralyn, who for many years answered

the Police Phone free of charge, have served the community and this department long and well. Bob is sorely missed by the Chief and all the men, and we hope that some day he will come back with us.

In 1970, for the first time in many years, the Police Department has reached a point where its budget can level off, and we are predicting only a moderate increase for the coming year.

This year was an exciting one for us, with many Centennial events, to celebrate the 100th birthday of the *Best Town by a Dam Site*, including a state championship sled dog race, and events in both Winnisquam and Belmont Village. The Centennial Committee deserves a vote of thanks for their co-operation with us.

The biggest problem facing the department in 1971 promises to be a vast increase in juvenile and teen-age misbehavior in town. Arrests of persons 17 and younger nearly doubled last year, as did malicious mischief and other complaints involving juveniles. More foot patrol of the village area was necessitated by a number of young people, who, uncontrolled by their parents, were allowed to "hang out" on the Main Street all summer long. A recreation program run at the schools, although useful, did not seem to attract the youngsters who were most in need of it. In addition, with the start of school in the Fall, many youngsters from some of the most stable homes in town became involved with the use of alcohol resulting in several prosecutions of adults for furnishing beer to minors, and much investigation and close work with parents and youngsters involved.

There seems to be two major reasons for this juvenile misbehavior. One is the "don't trust anyone over 30" syndrome that seems to be sweeping our country's youth these days, and which is making it more difficult for parents and police alike to "reach" today's troubled youth. A second problem, the impact of which is difficult to measure, but is nevertheless there, is the atmosphere of factionalism, bickering and distrust which has recently become evident in the town. When rumor-mongering, open hostility and intrigue become the normal way of life, young and old alike soon sense that public officials in certain critical areas perhaps lack solid support, and take advantage of these situations.

However, the average citizens of Belmont have been most heartening in their continued encouragement and support. Only the way you "go to bat" for your Police Department makes it worthwhile for us to continue in this difficult and otherwise unrewarding task. May we offer our heartfelt thanks, and hope that we shall always conduct ourselves in such a way as to merit your approval.

Respectfully submitted,

EARL M. SWEENEY, Chief of Police

REPORT OF BELMONT FIRE DEPARTMENT

For the Year Ended December 31, 1969

The members of the Belmont Fire Dept. would like to say "Thanks" to all the people of Belmont for their cooperation and assistance during the past year.

This past year has been busy for all of us. All the men attended Fire Training Schools in Gilford & Fitzwilliam, plus attending classes at their own station conducted by the State Division of Education, and regular monthly drills.

The Dept. was called upon a total of 145 calls last year. -- These broken down as follows:

Local Fires	74
Rescue Emergency	6
Special Service	50
Mutual Aid Assist.	15
Received Mutual Aid	5

This past year in April the new Fire Truck was delivered. It was tested and approved by the Underwriters and accepted by the Selectman. This truck consist of an 800 gallon Tank 750 CPM Front Mounted Pump, 1200 ft. 2½ Hose, 800 ft. 1½ Hose, 1 - 24 ft. Extension Ladder 300 ft Booster Hose, Radio Equip. and many other fire equipment tools.

With this new truck and the 1963 truck, the Town of Belmont should not have to purchase any more big equipment for quite a few years unless the town should grow at a fast rate within the next few years.

The records show that there has been a steady increase of fires in the Town of Belmont each year. The town is growing, more developments, and buildings, but carelessness is the big factor. Let's try this year to do a better job of fire prevention. If anyone has any questions or would like to have their homes inspected by the dept., just call. We can't demand, but *recommend*, this be done.

Thanks again for your cooperation this past year.

Respectfully submitted,

Robert E. Bordeau
Belmont Fire Chief

Report of the Forest Fire Warden and District Chief

Less fortunate than our northern towns, we had too many fires, Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

Fire Permit

A **fire permit** is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be **prior to 9:00 a.m. and after 5:00 p.m.**

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland, maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town from smokes in 1970.

Carroll Davis entered a plea for both teachers. Mrs. Moody asked if it were so that the Special Class was limited to 15. ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

At the close of the 1968-69 school year six staff members left the Belmont School System. This represents an 18.2% change in our faculty. These six staff members were replaced for the 1969-70 school year and one additional teacher was hired to teach a class of mentally retarded children.

Since all available elementary classrooms were already in use, a temporary classroom was made available by removing a partition between two adjoining storerooms on the first floor of the Junior-Senior High School. This area, though very small, serves as a classroom for the special education of the retarded children.

These children are now given the attention that they need to assist them in getting as much basic education as possible. Since they now have their own teacher, trained to teach in this area, their progress in school work; general attitude and behavior has shown a marked improvement.

School enrollments increased in Belmont again this year and these increasing enrollments are putting a strain on our school plant to properly accommodate not only the basic education courses but also the auxiliary services. In the gymnasium Music and Physical Education interfere with each other. In the library, its use as a large group study hall conflicts with its use as a library. Art and Shop are being taught exposed to each other. The temporary classroom for special education, the temporary third grade room in the cafeteria, lack of adequate room for the school nurse and space for elementary guidance are illustrative of plant deficiency.

Efforts to hold the school budget to acceptable increases has caused a minimum amount to be allocated for plant maintenance.

The school staff and administration are constantly meeting to seek ways to improve the quality of education in our school system. Though progress is slow we believe that progress is being made to upgrade our educational offering.

Again I would like to express my thanks to the Citizens, School Board, and School Personnel for their efforts on behalf of education in Belmont.

HERMAN N. DONEGAN
